

## Fairfax State Savings Bank Site Redesign

*The Bank Here is wherever you are!*

Beginning September 16, 2015, [www.thebankhere.com](http://www.thebankhere.com) will have a fresh, redesigned look and feel to its navigation. Change can be difficult, but we are confident the new design presents a cleaner look and feel and easier navigation. Ultimately, the site was redesigned to give our customers the information they need in a convenient way – whether on a home computer, tablet or mobile phone.

Your online banking login has moved to the top right corner of the screen. To login, simply click the Online Banking box and enter your credentials. If you'd like to enroll in online banking for the first time or you've simply forgotten your password, the login area has you covered. And while you're logged in, be sure to sign up for eStatement delivery and get your statements faster and more securely than ever before!

What's more, the login, search and contact us functions stay with you wherever you go – whether accessing it from your computer or mobile device. That's so you won't have to return to the homepage to access any of the crucial info you're looking for. Additionally, the menu to the right contains all the content sections from the previous version. Need a recommendation or unsure what solution fits you best? All information on our products and services are available within the Personal, Business, Agribusiness and Wealth Management selections.

One of the most notable changes to our website is the visual design. The home page features large information headlines. Anything fresh and exciting at Fairfax State Savings Bank can be found here. To the right is the responsive menu panel, where you can access Online Banking, Personal, Business or Agribusiness information, check current rates and learn more about us, our location, hours and ATMs.

Finally, we redesigned our pages to include online forms to submit basic information needed to open a new savings or checking account, or begin the lending process for a consumer, mortgage, HELOC or business loan. Looking for news about Fairfax State Savings Bank, information on banking and personal finances, order more checks or financial calculators? Look no further than the footer at the bottom of the page. Links to these sections will always remain in the Useful Links/More Links sections for quick access.

If you have any questions about the updated site, please don't hesitate to call us at 319-846-2300 or email [customerservice@thebankhere.com](mailto:customerservice@thebankhere.com)
